#### **2. PROBLEMS ENCOUNTERED, ANTICIPATED DELAYS, AND SOLUTIONS**

- None.

#### **3. RESULTS OF SAMPLING, TESTS, AND OTHER DATA RECEIVED**

- None.

#### **4. SCHEDULE FOR THE NEXT FOUR MONTHS**

The LWG project team will continue to coordinate with the EPA Remedial Project Managers to finalize the Remedial Investigation (RI) report and to assist EPA as requested in the development of EPA's Draft Final FS, per the process and schedule presented in Jim Woolford's April 7, 2015 memorandum and a negotiated revised schedule based on the information provided by Cami Grandinetti on June 30, 2015. In addition, EPA modified their delivery date of the revised FS Section 4 in July 2015, which resulted in subsequent negotiated modifications to the project schedule.

Submittal dates for pending documents currently under preparation by the LWG and scheduled for submittal in upcoming months are listed in Table 1: Status of Active LWG Deliverables—Portland Harbor RI/FS. This table includes pending and recently submitted deliverables for which EPA comments or approvals are required. Table 2: Status of LWG Deliverables—Portland Harbor RI/FS reflects the

more complete list of LWG submittals and is equivalent to the former Table 1 provided in previous progress reports.

#### **5. DOCUMENTS AND ISSUES AWAITING EPA RESPONSE**

EPA comments or approvals have not been received on a number of documents that have been submitted to EPA as required by the ASOC; these submittals are listed in Tables 1 and 2. The LWG requests that EPA provide document approvals for these submittals to verify that the terms of the ASOC are being met and issues are resolved to maintain progress on the RI/FS. Also, the LWG believes that many of the documents listed as future submittals in Table 2 are no longer needed (see Status/Comments column) and requests that EPA review the list and confirm that these documents are, indeed, not needed.

If you have any questions, please give me a call at (503) 972-5014.

Sincerely,

Jennifer Woronets  
LWG Administrative Project Coordinator
